

**NORMA FARNSWORTH
NORTHERN SIAMESE & ORIENTAL CAT SOCIETY
APRIL 19TH.2013**

Many thanks for the invitation to judge at this most enjoyable show. Everyone appeared to have a smile on their face and lots of good natured banter was exchanged between exhibitors. Some good quality cats in competition and endless good will amongst all present. My thanks to my steward Richard Barlow who kept a keen eye on the paperwork involved and was also an entertaining companion. A superior lunch was organised by Sue Allan and her helpers who worked from early morning, through judge's lunches to afternoon tea - much appreciated Sue. I must mention Maureen & David Atkinson who kindly contribute quiches and a wonderful trifle which would have graced a royal garden party. Thanks to all the table workers who had their heads down all day churning out the results - de rigueur with Harry in charge. As a bonus there was a bright golden object in the sky - someone said it was the sun!

SIAMESE/BALINESE IMP.GR.CH.MALE:

IMP.GR.CH. POUND'S SARNAU RED IKULUS(32a)4.9.11 Stylish young male with excellent top of head and large well placed ears. Straight profile, level bite and chin which could be deeper for perfection. Oriental eye shape and set with bright blue colour. Well defined neckline with graceful head carriage and long muscular body, slender legs and long whip tail. Bright red points and warm white coat which was slightly longer on the spine but of excellent close lying texture. Super temperament and beautifully presented.

SIAMESE/BALINESE IMP.GR.CH.FEMALE:

IMP.GR.CH.PALMER'S GR.CH.STYPERSON SONG BIRD(32/1) 24.5.11 Well grown female of excellent type. Lovely top of head and large flyaway ears. Straight profile, level bite and firm chin. Oriental eye shape and set with deep blue colour and enigmatic expression. Proud head carriage and well defined neckline. Long, deceptively heavy, body of stylish type with slender legs and long, well ringed tail. Thumb prints, cheek ribbons and leg bars and bracelets all well defined. Close lying coat of excellent texture with some toning shading on the back.

SIAMESE/BALINESE GR.CH.MALE:

GR.CH.SIMPSON'S FLUTTERBY ROCK STEADY EDDIE(24n) 29.3.10 Mature male of excellent type and outstanding growth. Good top of head and large well placed ears. Good profile, tiny pinch to muzzle, could have been anxiety, level bite and good chin. Excellent oriental eye shape and set with deep blue colour and glowering expression. Well defined neckline and long muscular body of good type and muscle tone, slender legs and long whip tail. Good caramel points colour and some toning shading on a coat of excellent length and texture. Very easy to handle.

SIAMESE/BALINESE GR.CH.FEMALE:

GR.CH.DAVIES'CH.BURNTHWAITES SCARLET-FEVER(32a) 20.2.11 Confident, mature female of excellent type. Balanced wedge with good top of head and large, well placed ears. Straight profile, level bite and good chin. Oriental eye shape and set with dismissive expression and deep blue colour. Straight profile, level bite and good chin. Proud head carriage and long body of excellent type and muscle tone, slim legs and long whip tail, just a fraction thick at the root. Bright red points and a clear coat of close lying texture, slightly long on the spine. Excellent condition and temperament.

RES.GR.CH.HOCKEN'S CH.HYDINISY HERA'S GOLD(32a)17.11.11 Another stylish red point just lacking the finish and maturity of the winner. Good width between large well placed ears, profile not quite straight, level bite and firm chin. Oriental eye shape and set with deep blue colour and confident expression. Graceful neckline and slightly heavy body of excellent length and muscle tone, slender legs and long whip tail. Good red points and an excellent unshaded, close lying, short coat. Outstanding temperament.

SEAL POINT ADULT MALE:

1.CC.BOB.BROWNRIGG'S HEMLOCK SEXY-AN-I-KNOW-IT 10.6.12 Just an adult and of magnificent growth. Good top of head and large well placed ears. Straight profile, level bite and good chin. Oriental eye shape, set and deep blue colour. Long heavy body of good basic type but a bit of a plump adolescent at present with slim legs and a tail which could do with an extra inch for perfect balance. Dark seal points and a heavily shaded coat of excellent length and close lying texture. Will look heaps better when he's fined down a bit. Excellent temperament.

TABBY POINT ADULT FEMALE:

1.CC.CALLOWAY'S SIAMAZING SUMMER MAGIC(32/1) 3.7.12 Just an adult and a force to be reckoned with. Fine boned and of excellent type overall. Good top of head and large, well placed ears. Straight profile, level bite and good chin. Elegant neckline and proud head carriage. Long muscular body of elegant type with slender legs and a long well ringed whip tail. All tabby markings well defined and a short, close lying ticked coat of excellent quality - one to watch!

BOB:PALMER'S GR.CH.STYPERSON SONG BIRD(32/1)24.5.11

TORTIE POINT KITTEN 6-9months:

1.BOB.BUDDEN'S JOMESE SASSY JASSY(32b2) 30.9.12 Well grown kitten of exquisite type. Excellent top of head and large flared ears. Straight profile, tiny pinch to the muzzle at present, level bite and good chin. Oriental eye shape with deep blue colour and grown up expression. Imperious head carriage and well defined neckline, long svelte body, dainty legs and long whip tail. Coat of good length and texture with tortie markings manifesting themselves on the points. Very promising.

SIAMESE BREEDER'S FEMALE ADULT: PART 1

1.WITHER'S UK.IMP.GR.CH.TINTALLY TICKERTY BOO(24n) 15.5.10 Beautifully grown mature queen of excellent type. Excellent top of head and large, well placed ears. Straight profile, level bite and firm chin. Excellent eye shape, set and colour. Well defined neckline and long

svelte body of excellent type with slim legs and long whip tail. Good caramel points and shown in excellent condition - subsequently Best in Show.
